Old URL → new URL

Every live WordPress address points to its new home, so search rankings and old links carry over. Both slash and no-slash versions are covered.

OLD (LIVE WORDPRESS)		NEW	CODE
/about-us	→	/company/about/	301
/how-it-works	→	/product/how-it-works/	301
/why-we-are-different	→	/product/how-it-works/	301
/our-strategies	→	/strategies/	301
/faq	→	/resources/faq/	301
/careers	→	/company/careers/	301
/contact	→	/company/contact/	301
/affiliate	→	/company/affiliates/	301
/terms-of-service	→	/engagement-terms/	301
/messaging-terms	→	/sms-terms/	301

At a glance

PAGES	24 indexable + 404
MENUS	Product ▾ · Solutions ▾ · Case Studies · Resources ▾ · Company ▾
PRIMARY CTA	"See what you can keep" → TaxLand assessment
SECONDARY	"Book a strategy call" → Contact (booking link TBC)
BUILD	cd site && node tools/build.mjs → dist/
REPO	github.com/sfhighlight2/heydrew-website

Before the domain switches

1. **Migrate the 5 legal pages** at their exact live paths (SMS terms is likely registered for messaging compliance).
2. **Confirm the booking link** for "Book a strategy call".
3. **Replace the HRA plan PDF**. The live file shows an internal review note.
4. **Noindex the old prototype** at hey-drew.vercel.app and any staging deploys.
5. **Verify** Google Search Console + Bing, submit the sitemap, and spot-check redirects.
